

NOISE MONITORING REPORT

By arrangement with the Department of Environment and Conservation, noise levels are monitored by Kalgoorlie Consolidated Gold Mines (KCGM) to determine compliance against the noise level standards set in the Environmental Protection (Fimiston Gold Mine Noise Emissions) Approval 2009.

Monitoring is conducted at night to minimise the sources of contributing noise other than mining (eg. traffic) at five reference locations:

- Barton Street Williamstown (BSW)
- Boulder Primary School (BPS)
- Kalgoorlie Technical School (KTS)
- Outram Street Boulder (OST)
- York Street Boulder (YST)

KALGOORLIE-BOULDER NOISE MONITORING RESULTS FOR QUARTER 3, 2011

We continue to work on reducing the impact of noise from our operation and further information about our noise management can be found at www.superpit.com.au or by contacting the KCGM Public Interaction Line on 9022 1100.
