

KCGM Media Release 25th November 2008

Gold Charges Dismissed

While on the 21 November 2008, the Kalgoorlie Magistrate's Court dismissed charges against four men accused of stealing more than \$300,000 worth of gold from the Super Pit, the Gold Stealing Detection Unit (GSDU) continues to gather evidence with a view to presenting a brief to the DPP to progress this matter, especially given the substantial, complex and serious nature of this criminal offence.

KCGM will continue to assist the police in their ongoing investigations and the gathering of further evidence where required.
