**YOUR FEEDBACK IS INVITED – FIMISTON TAILINGS STORAGE FACILITIES
SEEPAGE AND GROUNDWATER MANAGEMENT PLAN 2007 ANNUAL AUDIT**

KCGM employ a Seepage and Groundwater Management Plan (SGMP) to oversee the planning and management activities associated with controlling groundwater around the Fimiston I and Fimiston II TSFs.

The primary objective of the SGMP is to manage groundwater around the Fimiston TSF's so as to minimise environmental impact to the local habitat. This in particular prevents harm to vegetation as a consequence of rising groundwater levels. The secondary objective of the SGMP is to ultimately restore groundwater levels to agreed targets based upon the historical groundwater levels for the region.

KCGM is required to engage a suitable qualified professional to conduct an annual audit of the SGMP. This audit includes a review of the progress towards targets and milestones and examines if plan objectives are still appropriate, and being achieved. The findings from this audit, and public feedback received, will be used to determine if the current SGMP requires revision.

The following report presents the findings of the SGMP Annual Audit and is available for public comment. We encourage the community to take an interest and provide feedback regarding this report.

We would appreciate your feedback by Friday 24 August 2007.

How Can I See the Seepage and Groundwater Management Plan Audit Report?

Copies of the report are available at the:

- Department of Environment and Conservation (Kalgoorlie Office)
- KCGM website - www.superpit.com.au
- Super Pit Shop at 2 Burt Street, Boulder

A printed version is also available upon request from the Super Pit Shop at 2 Burt Street, Boulder or contact us via the Public Interaction Line on 9022 1100.

Why Provide Feedback?

Feedback is an important way for you to provide information, express your opinions and put forward any suggestions for an alternative course of action. It is an opportunity for you to indicate any suggestions you may have. All feedback received by KCGM will be acknowledged and any feedback may be quoted in full or in part in reports.

How Can I Provide Feedback?

There are a number of avenues for you to respond, please participate in the way you would feel most comfortable. To ensure any issues that you may have are clearly understood we encourage the provision of written feedback.

Public Inquiry Line	Accounts	Employee Relations	Open Pits	Fimiston Mill	Gidji Roaster	Supply
